

SHADE RV™

Assembly Instructions

****NO TOOLS REQUIRED****

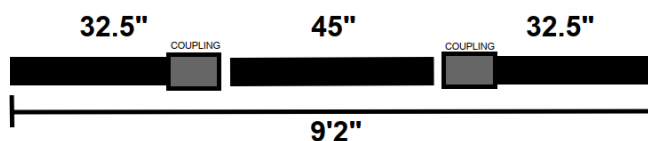

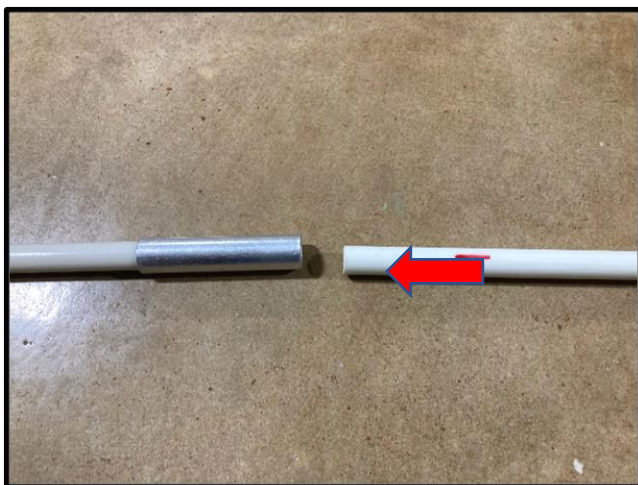

Step 1: Remove the cover and all accessories including the straps, pads, and fiberglass rods from the package.

Step 2: Lay out the cover so that the bottom side is facing up with the cross straps visible.

Step 3: Assemble the fiberglass rods. Insert both ends of the 45" rod into the couplings on the 32.5" rods.

Step 4: Feed the assembled fiberglass rods through the center support sleeves.

Step 5: Insert both ends of the assembled fiberglass rods into the tees to secure them in place

Step 6: Flip the cover over so that the top side is facing up with the cross straps not visible.

Step 7: Start from either end and begin rolling the cover up.

Step 8: Continue rolling until you reach the opposite end.

Step 9: Tie both ends of the rolled-up cover with the two provided mesh straps.

ASSEMBLY COMPLETE!
